## ***Nairobi - Amboseli National Park (Approximately 4 Hours drive)***

- After breakfast, you will be met by your driver/guide and after a briefing of your safari, drive to Amboseli National Park. Arid looking as Amboseli is, it has historically supported both game and the Masai that kept their herds of cattle here. It is thanks to the waters that run off Africa's greatest mountain that the apparently dry Amboseli, Kenya's first game sanctuary is able to support its wildlife.
- Mount Kilimanjaro broods high over Amboseli, generally cloaked by clouds but appearing in all its snow-shrouded magnificence from time to time. The mountain now provides water for the park, wonderful views and of course the most glorious background for animal photography.

# DAY 6

## ***Masai Mara National Reserve***

- Home to the proud and traditional Maasai tribe. The Mara is more than just the most popular wildlife park in the country and in many cases, it is the reason why people come to visit Kenya.
- This is a classic African savanna, and the sheer density of wildlife is amazing.. Watered by the Mara River and its tributary the Talek, the park here comprises 1510sq kilometres of open grassland tucked away in the south west corner of the country.
- In the Mara you will see an astonishing amount of wild life, including the big cats, where lions are found in large prides everywhere and it is not uncommon to see them hunting. Cheetahs and leopards are harder to spot, but are still fairly common.
